THE PAST, THE PRESENT, AND THE FUTURE WALKED INTO A BAR. IT WAS TENSE.
In the Beginning....

Do you mean to say it's time for bed and you still haven't written our story for school?!
I figured the story was already done!

How could it be done if you didn't write it?!

Obviously it had to be done before now, because it's 8:30 and I'm supposed to be in bed!

Wait a minute! If the story had been written in your past, that would mean I should've written it!

Well why didn't you?!

Because I came to the future to pick it up when it was done!

If you hadn't screwed up my past, your future wouldn't be like this.
Fortunately, there was....
The (R)Evolution

Started out as....

Evolved into....
a movement of engaged tribal and community leaders, scientific professionals, environmental and communication experts, students, educators, and artists from across the United States, including Alaska, Hawaiʻi, and the Pacific Islands, and around the world
